

A series of itineraries inspired by the path taken by St. Francis when, in 1207 soon after his dispossession on the public square of Assisi, he set out from his home to come to Gubbio. The opportunity to walk along a path still wild, surrounded by woods typical of Umbria: over 40 kilometers spread over different paths to enjoy on foot, by bicycle or on horseback. All complemented by a fulfilling panorama, which was of the same Francis, attentive and profound admirer of nature, reflection of the face of God.
